OUR RIVER WATER.

On Monday next the Legislature will convene. As a rule, during the first ten days of the session but little is done other than to get in readiness for work.

One of the first acts of the coming session should be the passage of a joint resolution appointing a committee to confer with California's law-makers on the question of securing legislation by them to protect the purity of the Truckee river. Senator Foley recently had an interview with Governor Waterman relative to this matter. The Governor is alive to our interests, appreciates the condition of affairs, and volunteered to denounce the imposition of those of our sister State who are wantonly pouring their sawdust and offal into this stream, and said he was willing to lend all possible aid to grant the relief which is desired. With the aid of the Chief Executive and the knowledge of affairs which many of the Legislators of that State possess, all that is needed to secure protection is intelligent action of our own representatives. Much of the sickness that has prevailed here is traceable largely to two causes—the water we use and the failure to force property holders to connect with the sewers. To protect ourselves from the former cause, we will have to invoke the assistance of California, and through that assistance stop the throwing of all kinds of debris into the river outside of this State. That done then the county or State should be authorized, and money appropriated for that purpose, to cleanse the river and make it free from all accumulations of decaying sawdust and other foreign matter that may tend to impregnate the water with the elements of disease breeding in its minutest form. This done, at least one half the cause which produces ailments that follow malarial poisoning in Reno and vicinity will be removed. Upon the Commissioners will rest the responsibility for any trouble that may arise from deferring the making of all property holders connect with the sewers. This system was urged as a sanitary measure, and has quite as much to do with the health of the town as the water we use. Delay in action, in this respect, is quite as culpable on the part of the citizens and Commissioners as would be that of the Legislature if they would let the present session pass without a persistent effort to protect the Truckee river. If those in local power will enforce the work commenced looking toward freeing the town from filth, and our Senators and Assemblymen secure as pure water, the growth of Reno will be much greater than it will be if all is left at a standstill. There is no disguising the fact that much of the property as well as the health of the town depends upon the two efficient sanitary measures—that of ridding the river of all refuse matter and enforcing proper sewerage.

The total vote cast by the Northern States at the recent election was just about 8,000,000. Harrison's vote is 4,073,873 and Cleveland's vote is 3,005,678. Hence the Republican vote in the North is 468,195 larger than the Democratic. In the Southern States Cleveland's vote is 1,920,757 and Harrison's 1,353,308. The Democratic vote in the South is therefore 567,361 larger than the Republican vote in a total of 3,274,153. The relative smallness of the Southern vote is on account of the suppression of the colored Republican vote in the eight cotton States. And by reason of the suppression of more than two-thirds of the Republican votes fully one-third of the Democrats did not consider it worth their while to go to the polls. If elections in the cotton South were as fair, and honest, and unobstructed as in the North the vote would have been at least 600,000 larger than it was; the Republican vote would be 400,000 and the Democratic vote 200,000 larger; making the Southern vote about 4,000,000, or one-half that of the North. On a fair vote in the South Harrison would have carried South Carolina, Mississippi, Florida, Louisiana, Tennessee, Virginia and West Virginia. The Republicans have been defrauded out of the electoral votes of all those States, and also out of thirty Southern Congressmen.

If the rural Republican newspapers of Indiana have their way about it, Gov. Porter will be a member of Gen. Harrison's Cabinet. They are doing all they can in double-headed editorials to work up a boom for the popular old Governor, and many marked copies of these papers are being received by the President-elect. Governor Porter, himself, does not expect to be taken into the Cabinet. It is the belief of his most intimate friends that he will be sent to St. Petersburg as the representative of the United States. He is interested in the study of Russian history, and it is known by his friends that he desires to go there for the purpose of making researches.

AFTER A TEMPTING PLUM.

Three New Candidates for the Speakership Sprung.

WASHINGTON, D. C., Dec. 26th.—The Speakership is such a tempting plum that members who went home to spend the holidays are sending back word of new candidates. This afternoon the names of Henry Cabot Lodge, of Massachusetts, Tom Bayne, of Pennsylvania, and John M. Farquhar, of New York, were sprung. At the same time one possible candidate pulled out. This was McComas, of Maryland. A movement has been on foot to unite the Southern members on McComas and give him a complimentary vote. He doesn't care for compliments, however, and the scheme has come to a halt. The Southern members will divide their support. A few days ago talk was plentiful that they would hold together, and by throwing their strength as a unit be able to name the Speaker. This talk came to an end when it was found that one of the Southern members had a candidate for Doorkeeper and who was trying to unite the whole Southern delegation on a certain man for Speaker in order that a combination might be made which would enable him to name the Doorkeeper. Bayne and Farquhar when they heard that their names were being pressed emphatically disavowed any ambition to preside over the House. Henry Cabot Lodge, although he has only served one term, is thought to have a lingering notion that it would be a good thing for the party to make a bright, young, New England member Speaker. Tom Reed's friends say that the movement is a feint by the Westerners to split up his New England strength. Mr. Farquhar, of New York, in denying that he was a candidate said:

"The New York delegation will soon hold a meeting for the purpose of uniting upon some man for the position of Speaker. T. B. Reed will probably be our chosen candidate, as we are practically unanimous for him now. Mr. Baker being the only one of our delegation opposed to Reed, he being in favor of Burrows. Baker, however, will come around and vote with the remainder of the New York delegation when the proper time is reached. The two most formidable candidates now in the arena for the Speakership are, in my opinion, Reed, of Maine, and Cannon, of Illinois."

NAMES FOR THE NEW STATES.

Garrick Mallory Suggests South Dakota be Called Sanona.

WASHINGTON, Dec. 26th.—Representative Springer has now after diligent research been able to secure new and appropriate names for all the Territories desiring admission into the Union. Garrick Mallory, of the Ethnological Bureau has been in active consultation with Mr. Springer concerning the proposed new names for the Territories, and together they agree to advance for approval the following names: Washington Territory they desire to have changed to Tacoma, New Mexico to Montezuma and South Dakota to Winona, North Dakota to retain the present name of the Territory on account of the renown attained by that Territory's Winter wheat. The changing of the name South Dakota to Winona is the conception of Mr. Mallory, according to the suggestions made in the following letter signed by that gentleman addressed to Mr. Springer:

In compliance with your request I have directed special attention to a desirable name for a State to be composed of the Southern portion of the present Territory of Dakota. Your limitations were that the name should have direct reference to the Dakota stock, or linguistic family of Indians, and that the term Dakota itself was occupied for the northern portion of Territory. Two words, purely Dakotan, seem to have euphony and poetical merit. One is Winona, the name given to the first born child of a Dakota woman, provided that the first born is a female. An objection to the use of that term is that it is appropriated by a town now well known. The other word is Tatanka, translated buffalo, involving the idea of the land of the buffalo, which is appropriate to that region. The term which I recommend is strictly ethnological accuracy for the region. It is *Sanona*. This is the old and correct form for the larger part of the Dakotan stock which had its home in that part of the Territory. It appears in Lewis and Clark under the blundering forms of Sabone and Sane, and in our Indian treaties as Sioune, and comprehends the majority of the great body now popularly spelled Teton and Teton, but correctly Titonivan. The last expression might be used, but it is not so euphonic as *Sanona*, which means substantially the same—that is, the title of the Indians who actually were the predecessors of the whites in the locality under consideration.

Wants to be Pension Commissioner.

Representative James T. Johnston, who was defeated for re-election to the Fifty-first Congress from an Indiana district, is aspiring to the office of Pension Commissioner under Gen. Harrison. Mr. Johnston successfully pleaded Gen. Hovey's name for nomination to the Governorship of Indiana at the last convention, and now in return for services rendered has the Governor-elect's support for the office of Pension Commissioner.

REDUCE EXPENSES.

The Elko Independent thus exclaims:

There is a matter of vital importance to every taxpayer in the State which should receive the early and earnest attention of the Fourteenth Session of the Nevada Legislature. Economy in the disbursement of the public revenues is a matter of general concern, and it is possible for the coming Legislature to reduce the expenses of the State by curtailing the superfluous offices and salaries, and thereby making it possible to lower the rate of taxation for State purposes. An effort was made at the last session to reduce the levy for State purposes, but a combination of those whose nutriment is drawn from the tents of the public treasury defeated the measure, and taxpayers are required to pay within a fraction of one per cent. on the value of their property to support a needlessly expensive State Government.

Let there be a united effort on the part of the members of both Houses to lay off useless offices, curtail excessive salaries and reduce the tax levy for State purposes from 90 to 50 cents on each \$100 valuation of taxable property, and they will merit and receive the commendation of the people of the State; and besides this, such action will attract immigration and increase the wealth of Nevada, for, as is well known, a low rate of taxation is no small inducement to those who desire to invest capital and secure permanent homes.

From New York to London by Rail.

People will, instead of risking the dangers of an Atlantic trip and the horrors of mal de mer, as well as for the purpose of saving time, leave New York for London via Portland and St. Petersburg, and thus will be exemplified more fully the great speech of Senator Benton, when, in pointing from Washington toward the Pacific, he exclaimed: "There lies the East; there lies India!"

There are now two lines of railroad running eastward from St. Petersburg toward the Ural Mountains, one terminating at Orenburg and the other at Ekaterinburg, and the Czar has lately approved of a plan to build a railway continuing from the Ural Mountains to the Pacific Ocean, a distance of about 7,000 miles, including the 1,500 miles already constructed from St. Petersburg to the Ural. This road will have its eastern terminus at Vladivostok, which is situated at the furthest southern extremity of Russian territory lying on the Pacific Coast, on that side. This of itself will much shorten the trip from St. Petersburg to American Pacific coast ports, superinducing, as it will, a line of steamers from Vladivostok to American ports across a much narrower portion of the Pacific Ocean than that of the course of the steamers now plying between Vancouver and Yokohama.

But in a little time, comparatively, the route will be all rail from St. Petersburg to New York. The generation now growing up will make the trip.—Portland Oregonian.

All Aboard for the Eclipse.

On January 1, 1890, the Nevada and California railroad will sell round-trip tickets between Reno and Ligan for \$3. Ligan is on the line of totality of the eclipse.

The train will leave Reno at 7:15 A. M., arriving in due time, and the passengers will have a splendid opportunity to view the phenomenon.

Master of Transportation.

Will Receive.

Mrs. T. V. Julien, assisted by the Misses Estelle Nash and Kattie Linn, will receive calls to-day from 1 to 5 P. M.

The Virginia Chronicle remarks:

The popular estimation of a Nevada Senatorship reminds us of an incident that occurred during the White Pine excitement in 1869. A chump had sold a mining location for \$15,000. He was greatly inflated by this sudden acquisition of wealth and imagined that he owned a controlling interest in the earth and a mortgage on the shares of the other small stockholders. He had a dispute one day with a man in Hamilton when, after a few spirited words, he paralyzed his opponent by exclaiming: "D—n you, if you give me any more of your jaw I'll kill you and pay for you." If a man wants a Nevada U. S. Senatorship it is generally believed that all he has to do is to walk up and pay the price and take it along with him. And, what is more to the point, the belief appears to be pretty well founded upon historical facts.

The Virginia Chronicle says:

The Constitutional amendments adopted by the last Legislature will have to be passed upon and approved by the coming one. It's diamonds to diamonds, however, that the stupidity of some legislative or State official will prevent every one of them from ever becoming a portion of our fundamental law. Some blundering blunderbuss is sure to knock the stuffing out of them before they are ready to be presented to the people. That is the history of all attempts to amend the Constitution, and the probability is that the pending amendments will meet the fate of their predecessors.

Mrs. Mimosa—"Now, Johnnie, go kiss your little sweetheart and make up." "Johnnie—" "No'm, I won't." Mrs. Mimosa—"Go and tell her how much you love her and how sorry you are." "Johnnie—" "Guess not. Pa says he got into a breach of promise case by telling a girl that and had to marry the old thing. I ain't running risks, I ain't."—Buffalo News.

TOWN AND COUNTY.

BREVITIES

Let me see?
Happy New Year.
No JOURNAL to-morrow
Where is your smoked glass?
1889. And don't you forget it.
Don't call to-day when it is dark.
Great ball of the season to-night.
Go to Lange & Schmitt for skates.
Reno will prosper amazingly in 1889.
Go to Lange & Schmitt for window glass.

The Commissioners will meet next Monday.
D. Bole has returned from his California trip.

The Grand Jury will be empaneled to-morrow.
Go out to Ligan to-day and observe the eclipse.

Theo. Winters has returned from Smoke Creek.
Senator Harris, of Douglas, was in town yesterday.

The weather has turned cold, and that pleases the ice men up the river.
Hon. L. A. Blakeslee, of Humboldt, came in from Winnemucca last night.

John Boynton is at home again from a trip to Colusa and Shasta counties, Cal.
The Palace dry goods house show window is again the admiration of the ladies.

Jim Kinkead came down from Virginia to spend New Year's with his family.
Mrs. W. H. McInnis is now from Carson on a visit to relatives and friends.

Louis Wintermantel is in from Teacorn and his old friends are glad to see him.
The bullion yield of the Comstock for 1888 was \$6,353,848, and of the State of Nevada about \$10,000,000.

The weather indications last night were that cloudy weather would prevail to-day and spoil the eclipse.
A carload of Alta concentrates received at the Reno Reduction Works last week netted the Alta company \$13,000.

Wood, the artesian well borer of Sierra Valley, is in town, and would like to bore a well or two around Reno.
Henry Higgins, Frank Curtis and Hiram Remington have gone to Carson to work in the State Printing Office.

Go to C. W. Boston's and purchase one of those fine ladies' street jackets, price \$3.50, which are sold all over the city at \$5 each.
Oscar Steele has been appointed Superintendent of the Andes mine, vice John F. Egan, who has held the position for the past fifteen years.

Go to C. W. Boston's and purchase a boy's school suit for \$2.50; also men's cashmere suits at \$6.50; also a good, full stock of men's boots at \$3.50 a pair.
C. W. Boston has a fine line of ladies' and misses' shoes, all hand made, and are manufactured by Niska Brothers, San Francisco, and are the best shoes in the city. All made by white labor.

The Sentinel has it from high official Republican authority that the friends of Hon. James Leander Smith, of the First Ward, are pushing him for Postmaster, of Elko, under the new Administration.
A grand ball will be given by Nevada Lodge No. 7, Daughters of Rebekah, at Armory Hall, January 10, 1889, in conjunction with the following O. S. M. W. Lodges, Washoe No. 8, Truce No. 14, Reno No. 19 and Parrish Millant No. 2, Rebekah to be in full uniform.

The Naval Commission appointed by Secretary Whitney to select a site for a new navy yard on the Pacific Coast, provided for by Congress at its last session, has practically decided to locate the yard on Puget Sound, and quite near Seattle, W. T., will probably be selected.

Railroad Rumor.
It is announced that dining or buffet cars are to be attached to all passenger trains East and West after the 1st of January. Harry Chawson, who has general supervision of eating houses along the Southern Pacific Company's lines, has notified the proprietors of those houses on the Central Pacific of the proposed change. We, therefore, after this new arrangement goes into effect, trains will stop for meals at Humboldt House, Elko and Reno is not noted, but the supposition is that they will not.

It is also said that two vestibule trains making semi-weekly trips East and West, will be put on the Central Pacific as soon as cars can be fitted up for the service, and trains 3 and 4 will be withdrawn.

1888.
Washoe's Financial Statement.

The annual report of Auditor Williams for 1888 shows that the indebtedness of the county is Reno and other Bridge bonds of \$14,000, and audited claims unpaid of \$1,024.05, a total of \$15,024.05. The county has \$52,645.02 cash in the treasury, and county property valued at \$85,250. The total value of real and personal property was \$4,657,265. The rate of taxation \$1.90. The amount of taxes collected was \$86,747.44, and the delinquent list footed \$1,740.59, altogether \$88,488.03. The number of registered voters was 1,834. Poll taxes collected 1,472.

Lydia Thompson.

We are to receive a rare treat on Thursday evening, January 3d, at the McKissick Opera House. It will be the appearance of Lydia Thompson and English Burlesque Company in Stephen and Solomon's new burlesque entitled "Penelope." The New York Times says:

Like a vision of perennial youth, Miss Lydia Thompson comes once more before the popular eye, apparently as supple and as agile as ever. Nineteen years ago she made her first appearance here, and only three years have passed since she last danced and sung to a New York audience. With her are the same types of feminine beauty and piety as before, and in the orchestra are the same rows of gilded youth and heavy ages that have ever cherished the memory of her troupe as a "regiment of fair women." When she made her entrance upon the stage at the Star Theater last night she was warmly received as a friend, and in answer to the question, "Who are you?" from the red-headed Greek-Hibernian whose voice she had just matched with her first, gave an account of her transatlantic, and told her glad she was to be in America once more. This time her burlesque is "Penelope," an affair fixed up for her by H. P. Stephens and Edward Solomon, of "Billie Taylor" fame. J. M. Kelleher, as the Spartan Chief of Ithaca, J. Benton Radcliffe, as Ulysses' friend Cymon, Charles Horace Henry, as King of Sparta, and Harry Starr, as his Prime Minister, are on the stage about all the time, and each does a good thing occasionally. Miss Thompson dresses Ulysses very prettily, dances him well, and is always applauded. Miss Marie Williams is still one of the most comely ladies in the troupe, and makes a vigorous rival to Ulysses. Miss Anna J. Moore is pretty and tries to be coy, but finds it hard to forget how to flirt. Miss Lillie Allison makes a peculiar and imposing nurse. For specialties, Miss Rose Newman dances very gracefully, and kicks clean over both shoulders. Miss Ella Carrington dances as well, but doesn't kick so high, and two young Germans give interesting impersonations. The costumes are beautiful and quite as good as those in classic sculpture.

Emeralda's Prospect.

The Emerald News says: "The outlook for an active mining season in Emerald county could not be much brighter. Prospectors can be seen daily leaving town for the surrounding mountains to endeavor to discover mines. Many properties in this county that have hitherto been regarded as worthless, are now being worked profitably and giving employment to a large number of men. Notwithstanding the steady depreciation in the value of silver, prospecting, even in exclusive silver producing districts, is being carried on extensively and the ore transported a long distance for reduction. The heavy discount that must be faced by the silver producers is enough to discourage mining and throttle that industry, but this great drawback is met with commendable courage and the good work goes bravely on. If the discount on silver was wiped out to-morrow, Nevada would soon resume her position as the leading silver producing State in the Union. Her mining properties are not exhausted as is generally supposed, but are simply enjoying a season of rest, to burst into prominence again when all things are right and circumstances will justify explorations and reduction works can be reached."

The Federal Patronage in Nevada.

The Duerka Sentinel says it is informed that there was great pressure on Senators Jones and Stewart, while on the Coast, for places under the new Administration by their immediate constituents and others. They were besieged at every step, but came to no conclusion so far as Nevada appointments were concerned. It is understood that they agreed between themselves to allow these matters to stand over until after their return to Washington. They have made few, if any promises, and are to act in perfect harmony. Both will be in their seats in the Senate after the holiday recess. Nevada applicants can then ply them with letters and petitions as thick and as fast as they like. The superintendency of the Carson Mint and the Hawaiian mission are the first things expiring to which Nevada lays claim.

Asylum Expenses.

The report of Supt. Bishop, now being prepared for the Legislature, will show that the expenses for the years 1887-8 have been \$83,194.94, or \$131.33 per day. The total cost per diem per capita has been \$3.06, of which \$3.06 is for maintenance. The average daily number of patients has been 121.79-100.

CHIEF LEE'S EXPLANATION.

How Roux, of Reno, was Arrested and Then Discharged.

The Sacramento Bee says: Chief Lee has made a statement regarding the arrest and discharge of Frank Roux, of Reno, the particulars of which were recently published in the Bee. Lee explains that he received a telegram from Constable Upson, of Reno, to arrest Roux and hold him for a requisition upon a charge of embezzling \$17,005 from Wells & Prosser. The telegram was handed to officer Farrell, by Farrell to Ash and by the latter to Able. Able and Green arrested Roux and he was locked up. In the morning Prosser and Deputy Constable Folsom of Reno arrived and Lee asked to see their papers. A warrant from a Justice of the Peace was presented and Lee says that he informed the Benettes that the document was not worth the paper it was written on, and that he would not hold a prisoner on such authority. They had seen the prisoner and procured from him an order surrendering \$6,388.15, the amount found on Roux. The Chief says he did not see Roux until that morning. Folsom asked how much was owing to Lee and the latter answered, "You owe \$1 for keeping the prisoner over night." Then Folsom remarked that a reward had been promised and Lee told him that he might pay it to the arresting officers if he desired. Able then received \$50 and offered Lee a portion of it, but the offer was declined. The Chief declares that while Roux was in prison he did not ask for an attorney, and that the first he knew of a lawyer in the matter was when he heard that the latter had remarked to officer Farrell that he had lost \$300 through the discharge of Roux, the lawyer remarking at the same time that he knew that the warrant was worthless.

What Am I to Do?

The symptoms of biliousness are unhappily but too well-known. They differ in different individuals to some extent. A bilious man is seldom a breakfast eater. Too frequently, also, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred it is rough at all events.

The digestive system is wholly out of order and diarrhea or constipation may be a symptom or the two may alternate. There are often hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try Green's August Flower; it costs but a trifle and thousands attest its efficacy.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-aw 1-1v

Coal, Coal, Coal.

Pleasant Valley coal is the best and cheapest fuel in the market. 3 tons of P. V. coal equals five tons Rocky Mountain coal, by actual test. No slate or clinkers. One ton P. V. coal equals 3 cords common pine wood. Give it a trial and be convinced. Leave orders with or enquire of Wm. Hopkins, Depot Hotel or coal house, or at Nasby's.
